

ATHLETICS

S. J. McLAREN '26—Captain and Forward.

Joie, as he is known to everyone, playing his last year at Armour proved to be the bulwark of the offense. This is his fourth year with the team, and each year he has been awarded an "A." He might be called an ideal player; a fast floor man and also cool headed, an accurate basket shooter, a wonderful dribbler and pivoter. Joie's eleven baskets in the St. Mary's game will long be remembered. Not alone was he liked by his teammates, but he also gained the admiration of the entire student body. Goodbye and good luck to you Joie old boy.

A. DANZIGER '26—Forward.

Danny also is playing his last year with the team. A few minor injuries kept him out of a few games early in the season, but this only seemed to inject fight into him for he ended the season with a flash. Danny's success lies in the fact that he has perfect control over himself. He played a wonderful floor game, and was exceptionally skilled in follow-up shots. We are sorry to see Danny leave us, but must thank him for what he has done.

KUFFEL '27—Guard.

"Scud" broke into a regular berth early in the season and held it. He plays a hard fast game; we have seen Scud have three fouls early in the game, and still finish up the game playing as hard as ever. Scud seemed to take charge of the team on defense; he was constantly calling his teammates back for defense, and pointing out any loose players. Scud will be back next year and should be in his prime.
