

## ATHLETICS

HOFFER '27—Catcher.

Vic is another player of prep school fame. This is his second season of the Tech. squad and he is here to stay. He was shifted to the plate this year and filled his job very satisfactorily.

HUBEN '26—Pitcher.

Carl did his stuff on the mound for Armour. As well as using his arm he used his head which will account for the victories he turned in.

GEIGER '25—Shortstop.

Earl took care of the hot ones between second and third in a manner worthy of any college player. His batting average was among the best of the team.

SCHONNE '26—Centerfield.

Schonne verified the claims of the Architects that their course really belonged in school. The only safe place for a ball towards center field was over the fence when he was in the game. A heavy hitter and a fine base runner makes him a great asset to the team.
