## Track 1925

Coach—Prof. H. R. Phalen

Captain—Leland R. Hoff

Manager—John M. Shoemaker

Track enjoyed a very successful season at Armour during the year 1925. Three meets were held with other colleges during the year. Of these Armour won two and lost the third to Y College by 1 1/3 points. There were twenty-four men who contributed points to Armour's total and to eleven of this number were awarded major letters. Three school records were broken in the meets.

The Sophomores were victorious in the annual meet with the Frosh Oct. 16, 1925, winning easily with a score of 72 to 23.

Coach Phalen brought out a very fine idea for developing interest in track activities for the entire school, a series of events were run off during the outdoor season for the purpose of determining the school champion. The men competing were divided into Varsity and Novice classes, and three medals given to each class. Ten events were in each class with 1000 points given for a performance equal to the school record. The following men won the medals:

<i>Varsity</i>			<i>Novice</i>

## INDOOR TRACK 1925 AND 1926

The biggest event of the Indoor Track season was the 8th Annual Illinois Relay Carnival at Urbana on March 3, 1925. Armour was represented by a Two Mile Medley team and Mile Quartet. The Medley team by placing fourth and winning bronze medals have the honor to be the first team from Armour to place in the Relays. The team was Payne, halfmiler; Robinson and Long, quartermilers and Ball, miler. The Mile team was Owens, Samuelson, Hoff and Hamlett. In addition to these Tracy ran in the special 300 yard race.

Armour had entries in both the I. A. C. meet at the Coliseum and the Central A. A. U. meet at the Broadway Armory.

Armour was represented at the 9th Illinois Relays by Long, Payne, Robinson, Deiwert, Tracy, Samuelson and Owens, but was not strong enough to place this year.

In the I. A. C. meet Robinson won 2nd place in the 600 yard run and Navarro a third in the High Jump. In this meet the school record was raised to 5 ft. 10 in., where it stands as both an indoor and outdoor record.
