#### HONOR EDITION AWARD

Each year it is the custom of the Armour Tech Athletic Association to select from the Senior Class the ten most outstanding men who have contributed the most to their school in leadership, activities, and scholarship. To these men the A. T. A. A. awards a special numbered copy of the Cycle.

The selection of the Honor Seniors is made by the executive board of control of the Association which is composed of the following individuals: the Deans, Director of Athletics, four members of the faculty, five student representatives.

In determining the point score of each man in the Senior Class his activities throughout his four years at Armour are considered. For each activity or sport he is credited with a certain number of points. The twenty men who have the highest point total are then listed. From this list the ten Honor Seniors are selected.
