In 1927, the Armour Tech Campus Club, an outgrowth of the Y.M.C.A. group at Armour, was organized. The club is primarily a social organization, and is open to all students at Armour Institute.

With the cooperation of the social fraternities, the Campus Club initiated the social activities at Armour in the form of the Freshman Handshake, which provided an excellent opportunity for the upper classmen and the new students to become acquainted in an informal manner.

The first smoker of the semester was held on October 23rd, with the usual round of bridge,

pinocle and entertainment provided by the members. This was followed by many other smokers, quite as successful as the first. In addition, there was the autumn meeting and banquet of the Campus Club Alumni Association, held at the Allerton House, and the annual mid-year banquet of the club, held in May.

The spirit of friendship among the members has resulted in a most pleasant and prosperous year.

Officers — Jack O. Cavanagh, President; Samuel F. Winegar, Vice-President; Newton C. Cannon, Recording Secretary; Arthur R. Viel, Executive Secretary.
