

came back and made three baskets in thirty seconds. At the half the score was 18-9, limited for the most part to scores on fouls. Warner took scoring honors for the day with 12 points.

Armour met Michigan State Normal again on February 8th, when they were on their annual trip to Michigan, and won a second time, 29-25. The Techawks were ahead, 14-10, at the half. In the second half Normal changed tactics and shot from the center of the floor. In the last ten minutes they made twelve points to Armour's three. Michigan missed greatly its two stars, Wendt and Hanneman, who were out of the game because of injuries.

Armour met Detroit University for its second game on the eastern trip, and was vanquished, 53-29. The Techawks played a very disorganized brand of ball and allowed Detroit to lead, 28-11, at the half. The Detroit quintet shot and made field goals from almost any point on the floor, something for which the Armour defense was not quite prepared.

The first game against Carroll was played February 14 at the 108th Engineers' Armory. Carroll played good ball and left with a 45-31 victory. Knablauch of Carroll and Heike shared scoring honors with 15 points apiece. Except for a number of Heike's hook shots, there was nothing spectacular about the game, Carroll getting its points by the process of steady, progressive playing.

The return game with Lake Forest was played at Armour, February 19, Armour winning, 32-28. Almost a quarter of the game was played before any scores were chalked up. Then Dollenmaier and Merz started things, and Armour was leading, 18-7, at the half. Lake Forest came back strong, but the Techawks tightened up and stopped them. Warner startled everybody by dribbling through the entire Lake Forest team to score unassisted.

In the final game of the season, Carroll vindicated its previous victory by repeating with almost the same score, this time, 42-31. It seems singular that this game was practically a duplicate of the first one. As it was the last game of the season, the Techawks laid away their equipment until the next season, when, they agreed, they will do bigger and better things in the way of basketball.

### 1935-36 BASKETBALL SCHEDULE

Date	Opponent	Opponents' Score	Armour	Place
December 5	Arkansas State .....	19	44	Armour
December 11	George Williams .....	20	31	Armour
