Bejcek

and half-mile relay, and seconds in the 60-yard dash and the broad jump, making a total of $12\frac{1}{4}$ points. He was closely followed by Goes and Finnegan, who each made eight points.

On February 15, Armour competed in a triangular meet at the University of Chicago Field House between Chicago University, Loyola University and Armour Tech. Due to the absence of Concolino, Bejcek, Goes and Yaseen, Armour did not make a very impressive showing at the triangular meet. The score was: Chicago, 64; Loyola, 23, and Armour, 32. Having been first in the half-mile run and the one-mile run, Finnegan was high-point man for Armour with ten points. The only other first place was obtained by Faust in the two-mile. Neal ran second in the 70-yard dash and third in the quarter-mile. Other point-makers were Neuert, Dunbar, Fleig, Dannis, Ryan and Deuter.

Armour's track team turned in the second victory out of three starts when they triumphed over Loyola University, $60\frac{1}{2}$ to 43, in a dual meet at the University of Chicago Field House on February 21. The meet, although it did not bring in any outstanding performances, did have its interesting facts and occurrences. The high-jumping event was the prize, with a four-way tie for the honors between two Armour men and two Loyola men. Almost as good was Dunbar with his five third places besides his work in the relays. It seems that Scheid of Loyola can throw the shot-put better when he is tired. The two-mile run came during this event and he, after running his two miles, came back and made a throw which outdistanced his two previous efforts to net a second place.
