## SWIMMING SEASON OF 1935-36

E. Wallace McGillivray.....	Coach
Rodger Knaus .....	Captain
Howard P. Milleville.....	Manager

The 1935-36 swimming season was officially opened on October 8, 1935, when the first call for new candidates for positions on the swimming team was announced. There were only four men returning from the 1934-35 team, who were Captain Knaus, Tallafus, Duerrstein, and Ruekberg. One week later the prospective team met with Coach McGillivray and the freshmen were urged to come out. As a result, there were fifteen prospective swimmers from the class of '39 in the entire turnout of thirty-seven. Practice was started immediately, and Manager Milleville arranged a very trying schedule.

The initial meet of the season was held with Wright Junior College on January 20. The score was 51-25 in favor of Wright. However, this meet was not unfruitful, inasmuch as several of the new men were tried out, and a good squad was in the making. Captain Knaus took Armour's only first place in the 100-yard breast stroke. Svagdis, a freshman, showed up remarkably well in this event, and should be a valuable asset to the team in future meets.
