Honor "A".....	Rodger Knaus

The honorary fraternities and societies of Armour Tech are organized in the Inter-honorary Council for the express purpose of "promoting such social affairs as are deemed necessary to create and further the spirit of friendship and cooperation between the members of the honorary organizations."

Each organization is represented in the Council by its president of the fall term, and the president of Tau Beta Pi is automatically chairman of the Council.

This year, the functions were a banquet, held in February; and a dance, held early in May.
