

Rodkin

The High Hard One

work at North Central, Grant entered the service and spent two years overseas with the 33rd division, 129th Infantry Medical Corps before returning to finish his course in Physical Education at this prominent Chicago suburban college. Both Krafft and Stenger were very prominent in athletics at Naperville; Stenger won his B.S. there in 1921, received letters in baseball, basketball, and football, and then entered the field of coaching as Athletic Director at Richmond, Indiana. Grant spent one year coaching the Army and received 15 years of valuable experience as can be easily proven by his successful record. One year was spent at Richmond, Indiana as Athletic Director, and one at Wabash, Indiana; four years were spent in a similar capacity at Ottawa, Illinois, and the past nine years at Wheaton. During this time he was able to establish a very impressive record of eight football and nine basketball championships.
