

Top Row: Braun, Widell, Finnegan, Bodnar, Ryan, Deuter. Second Row: Neuert, Faust, Dunbar, Meyer. Third Row: Dixon, Vandekieft, Stehman.

The Techawk track squad closed its outdoor schedule with a score of three wins against three losses. Among the outstanding features of the season were the breaking of one old Armour record and the tying of three others. Dunbar's time of :22.5 for the 220-yard dash cut two-tenths of a second off the old record set by Sturm in 1930. This record was broken in a meet against Wheaton which took place at Stagg Field. In the pole vault, Dixon tied the existing indoor record of eleven feet, while Simeon and Vandekieft were tying the high jump record of five feet ten inches. The half-mile relay team covered the distance in 1:37.4 to tie the record for that event. Dunbar was high point man for both the indoor and outdoor seasons. His 17½ points indoors and 81½ points outdoors gave him a total of 99 points for the entire season. Vandekieft was second in the scoring column with 62½ points outdoors to give him a total of 78½ points for the season. Captain Faust, a distance runner, was fourth in the scoring with a total of 52 points. Rothenberg's 55¼ points netted him the third position. Of the three meets that the team lost two of them were so close as to depend on the outcome of the last few events. The third loss—to Bradley—was possibly attributable to the fact that the winners gathered thirteen out of fourteen first places. In the win column were victories over Elmhurst, Loyola, and over La Grange and Wilson in a triangular meet. In each of these meets the Techawks showed to a decided advantage.

The first meet of the outdoor season took place on April 17, at Elmhurst. It was an Armour victory 71½ to 58½. This was practically the same score by which the Techawks lost to Elmhurst last year. Armour took eight out of fourteen first places. Dunbar was high point man of the meet with a total of twenty points scored by firsts in the 100- and 220-yard dashes, the 220-yard low hurdles, and the broad jump. Vandekieft, who carried off high point honors for Elmhurst last year, took second in Armour's scoring column this year. The meet opened with a victory for Elmhurst in the mile run to put them out in front for the only time during the meet. Ryan and Finnegan came in in that order in the quarter-

mile, and Dunbar and Bingham took the first two places in the century to put Armour out in front. Rothenberg had little trouble in taking the high hurdles and later placed second to Dunbar in the low hurdles. The half mile was one of the closest races of the day as Finnegan's sprint brought him to within inches of Camerer as the latter broke the tape. Simeon cleared five feet seven inches in the high jump which was plenty good for first place. Vandekieft was second in this event and was also second in the shot put. In the discus throw Vandekieft took advantage of the opportunity and scored a first over Zapler of Elmhurst who had beaten him in the shot put. Stehman heaved the javelin 147 feet for a first place in that event.

On April 24 the track squad traveled to Beloit for a triangular meet with Beloit and Ripon. However, Ripon withdrew at the last minute and so it became a dual meet. It was a very bad day for the Techawks as Beloit won 62 2-3—54 1-3. Rain the night before had slowed the track considerably so the time for events of this meet were not very fast. Vandekieft carried off high scoring honors with 11¼ points. Captain Faust started the meet with a victory for Armour when he covered the mile ahead of Crowe and Bailey of Beloit. Later he tied for second with his teammate Dannis in the two mile run. In the quarter-mile Ryan ran a good race but reckoned without the staying powers of his opponent and took second by a step. Dunbar brought another victory for Armour when he covered the 100-yard dash in :10.1. Deuter took a second for the Techawks in the half-mile and later scored another second in the broad jump. Rothenberg got off to a bad start
