

ARMOUR TECH STUDENT ASSOCIATION

Chairman	Philip C. Huntly
President	Claire W. Dunbar
First Vice-President	Richard Vandekieft
Second Vice-President	William J. Chelgren
Secretary	Edwin J. Loutzenheiser
Treasurer	George S. Allison
Sophomore Representative	James M. Fahey
Freshman Representative	George E. Hamilton
Acting President of the Institute	Henry T. Heald
Director of Physical Education	John J. Schommer
Instructor in Physical Education	Grant N. Stenger
Medical Adviser	John F. McNamara

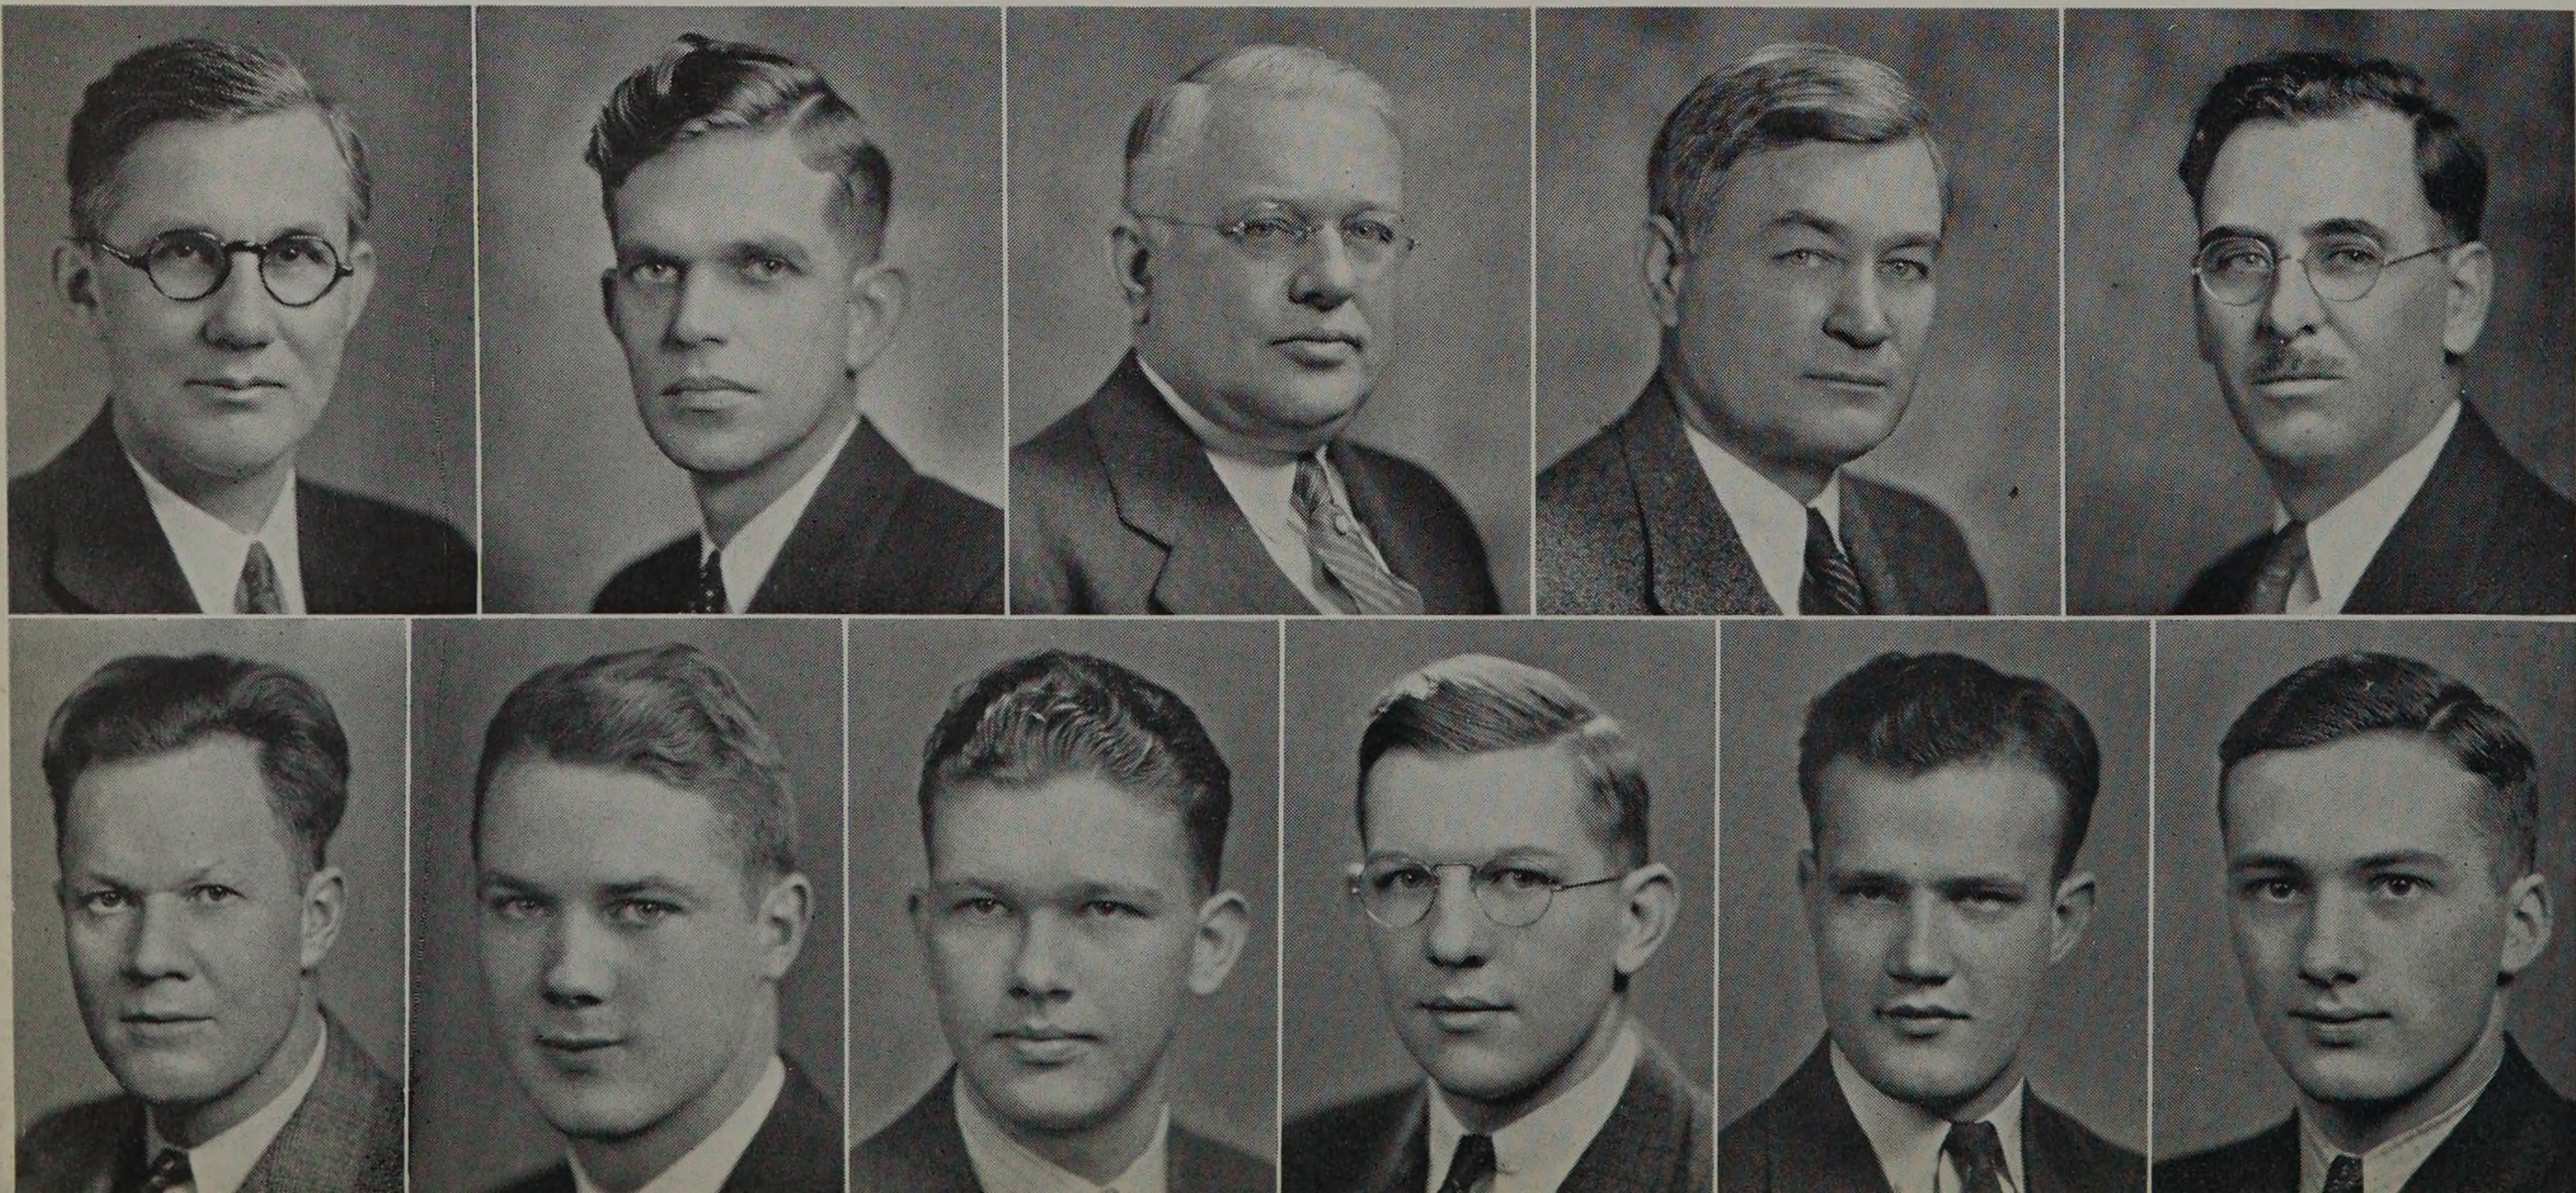

The student administrative body—the Armour Tech Student Association—is an outgrowth of the old Armour Tech Athletic Association, an organization which, for many years, governed all athletics at Armour. However, the need for an organization which could serve the whole student body and act as intermediary between the students and the administration of the school became apparent. The A.T.S.A. is just such an organization. This body which consists of a representative from each class in addition to the President who is a Senior, the first vice-president, a Junior who succeeds to the post of President in his senior year, and a secretary; also has faculty representation in the presence of President Heald, Prof. J. J. Schommer, Prof. P. C. Huntly, Mr. George Allison and Coach Grant N. Stenger.

This body carefully administers the Student

Activities' Fund, allocating to the athletic teams, the Glee Club, Orchestra, and other student organizations an amount sufficient to carry them through the ensuing year. In addition to this function, the A.T.S.A. board governs the athletic awards and also passes such student legislation as is deemed necessary.

For the last two years the A.T.S.A. has sponsored the highly successful "Father and Son's Banquet," an event which serves a fine purpose in that it brings the fathers of the students in closer contact with the faculty.

All-in-all, the A.T.S.A. performs a very necessary service for both the students and the faculty of Armour for it is the medium through which both student and teacher can be brought into closer relationship.
