

The tennis team lived up to all the high hopes and expectations held for them. A seasonal record of eight wins, a tie and two losses is what is offered for scrutiny by Swanson, Natinchek, Kubic, Lange, and Wagner, Inc., and it certainly meets with approval. The effect is heightened when it is considered that this includes wins over such schools as Indiana State, Illinois Wesleyan, and North Central, while both losses were by one match only, and these to Purdue and Loyola.

The individual honors go to Captain Joe Kubic, who played a very dependable type of game while winning all but one of his eleven matches. Incidentally, Kubic is the only member of the team lost through graduation, all of which adds up to a good team for this season. Ed Swanson and Nick Natinchek both had nine wins and three defeats for their seasonal record. Natinchek was elected pilot of this year's squad. Just beginning his net career at Armour was Bob Lange, who did a pleasing job of scoring eight victories, while becoming a victim in four matches. Last, but not least, is Wagner, who won five of the eight matches he played.

Opening the season on the Midway courts, the Techmen had no trouble defeating Chicago Normal, 6-1. The unfortunate Armourite who succumbed to the Chicago Normal number one man was Natinchek, who went down 6-1, 6-1. Captain Kubic lost only one game when he defeated
