During the winter of 1918 several undergraduate students of Armour Institute, who had been brought together through their common interests and ideals, decided to form a lasting fraternal bond to strengthen their friendship. Every succeeding active chapter of the fraternity has endeavored to carry on the ideals and spirit of the founders.

Rho Delta Rho was chartered in the state of Illinois on August 27, 1919. A year later a petition for the recognition as a local fraternity was accepted and the organization became established on the Armour Campus. The membership of the fraternity has greatly increased since its foundation.

The members of the Alumni Chapter of the fraternity have carried the spirit of the original founders with them even after the close of their college careers. The Alumni Chapter meets once each month, and its membership includes most of the graduates of the Alpha Chapter of Rho Delta Rho.
