

IPRO 314

Interactive Urban Landmark
Memorial Kiosks for
Equal Housing Rights March

Vision Statement

To guide the students of Gage Park High School in developing their vision of a memorial dedicated to the equal housing rights marches led by Martin Luther King Jr. that occurred in their neighborhood and the surrounding area.

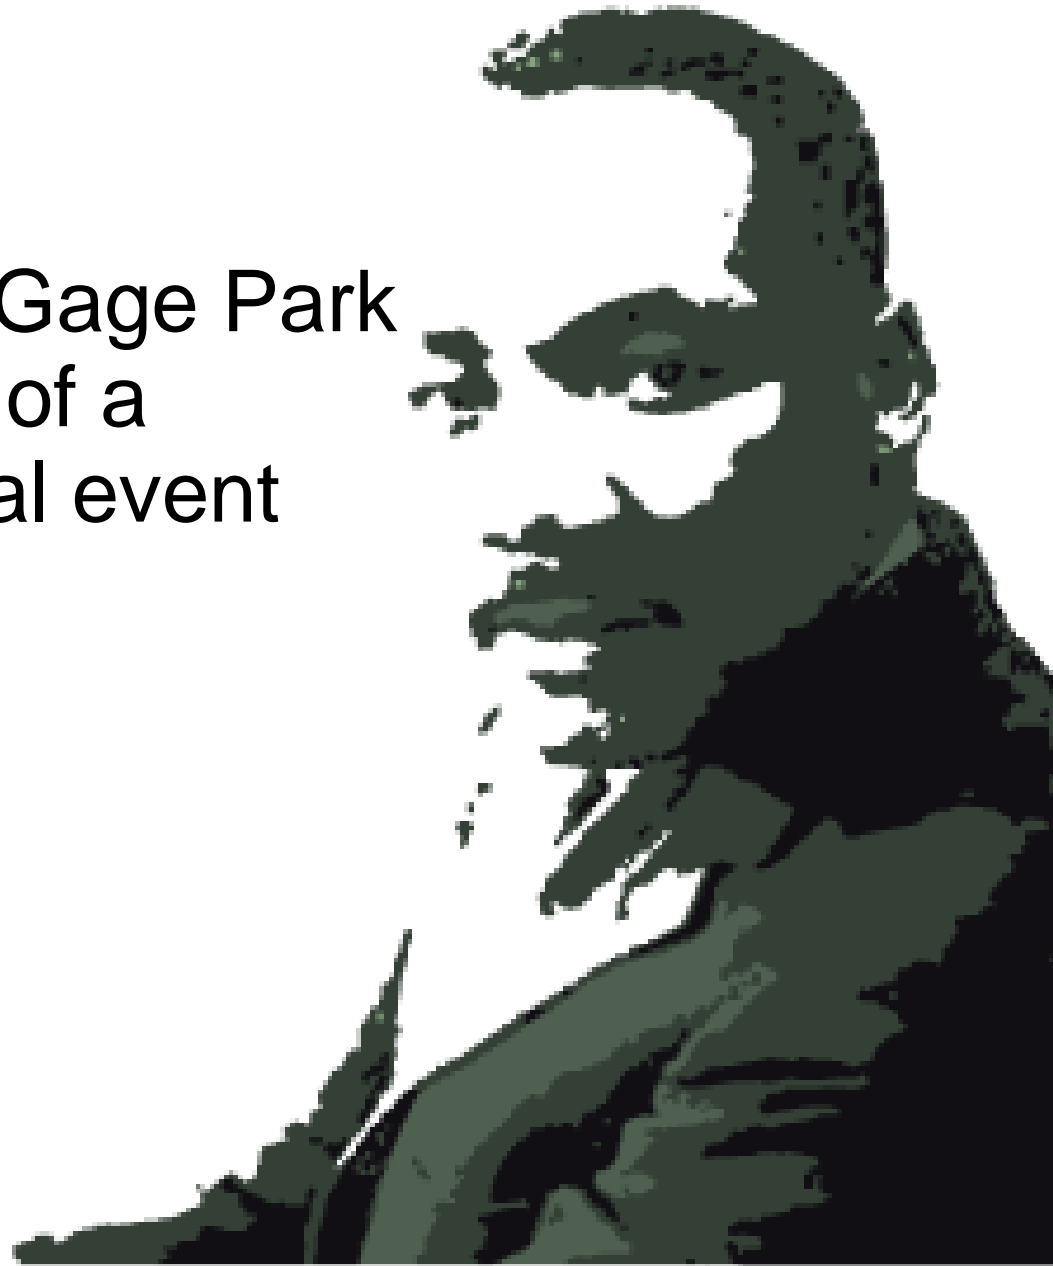

Team Organization

- Tasks are divided amongst ourselves when a particular task arises
 - ie. Project Plan development, concept/design groups, etc.

Team Goal

To help the students of Gage Park H.S. bring their vision of a memorial to a historical event into existence.

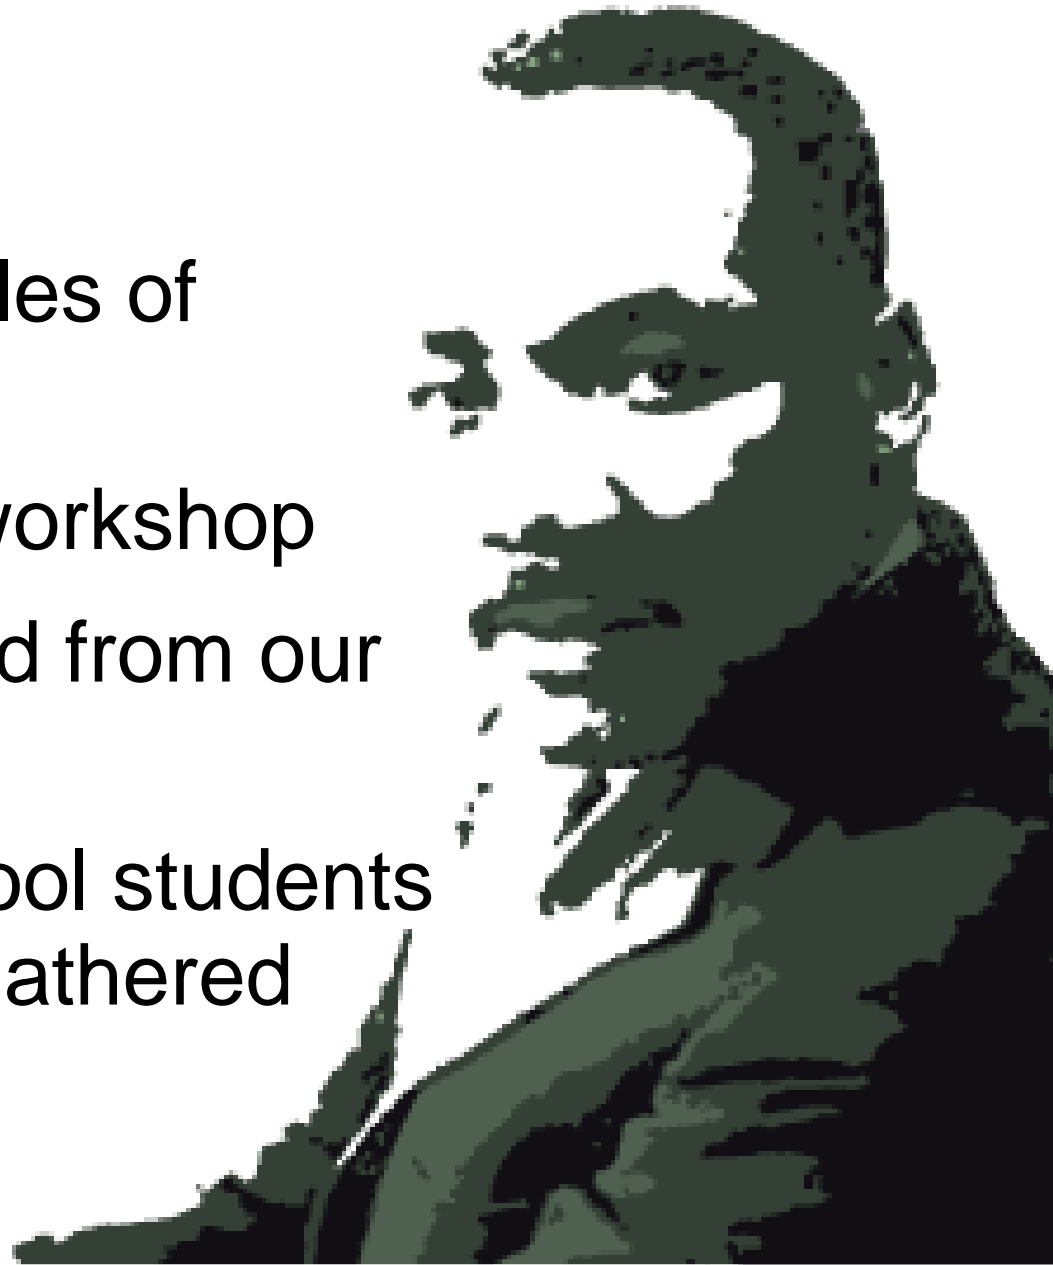

Process

Gather existing examples of precedents

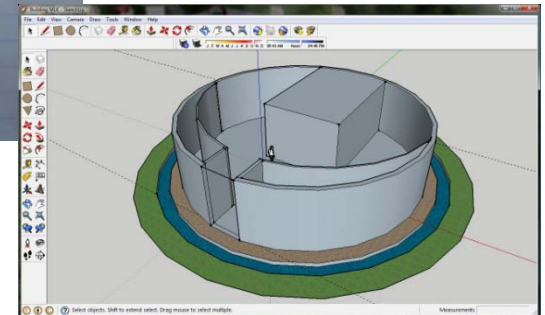

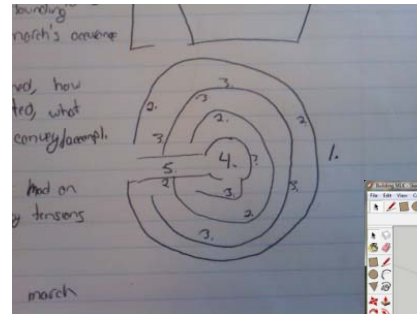

Have an introductory workshop

Develop ideas gathered from our workshop

Return to the high school students with nurtured ideas gathered during the workshop

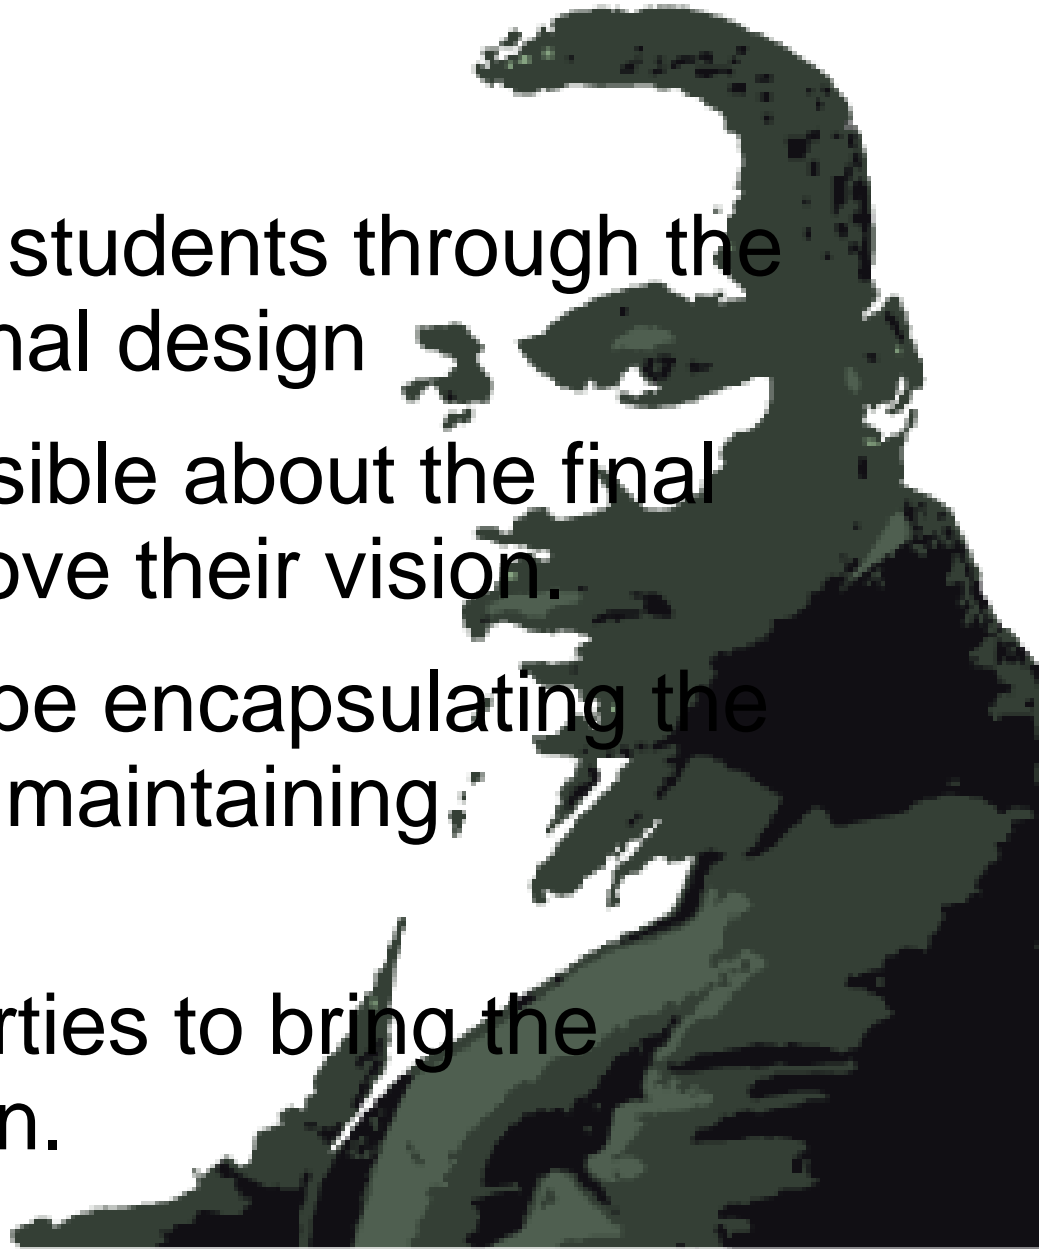

Workshop 2

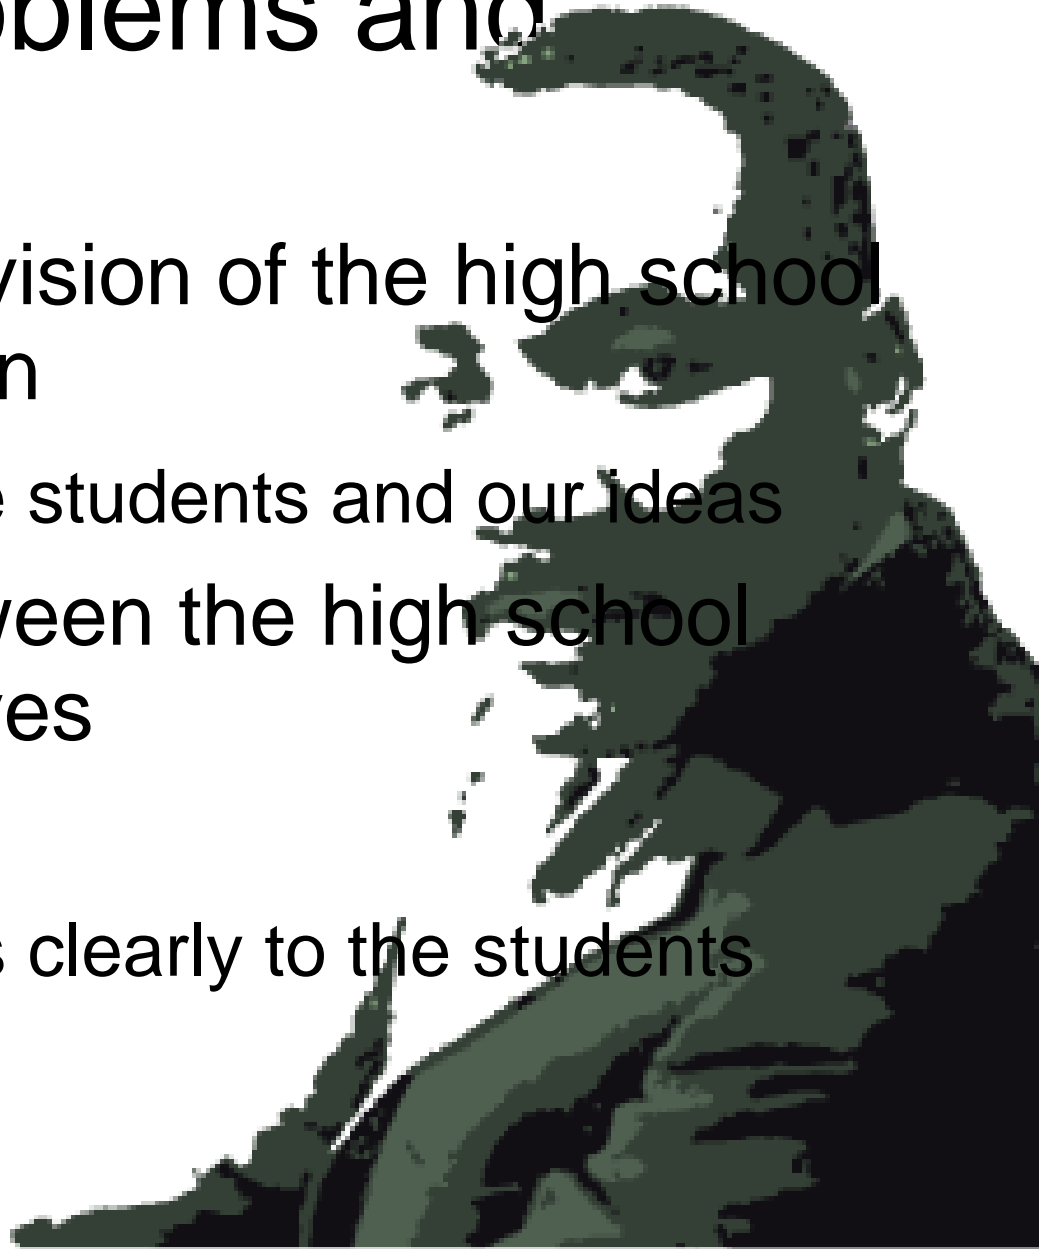

Moving Forward

- Guide the high school students through the process of picking a final design
- Determine what is feasible about the final plan, and how to improve their vision.
- Design unified prototype encapsulating the student's vision, while maintaining project feasibility
- Work with involved parties to bring the memorial to completion.

Encountered Problems and Solutions

- Overshadowing the vision of the high school students with our own
 - Iterating between the students and our ideas
- Communication between the high school students and ourselves
 - Setting up meetings
 - Expressing our ideas clearly to the students

Anticipated Challenges

- Coming to a unified idea of a final project
 - Project design
 - Location
 - Scale of the memorial
- Budget projection
- Technological limitations
- IPRO and Project Transition
