

IPRO 332

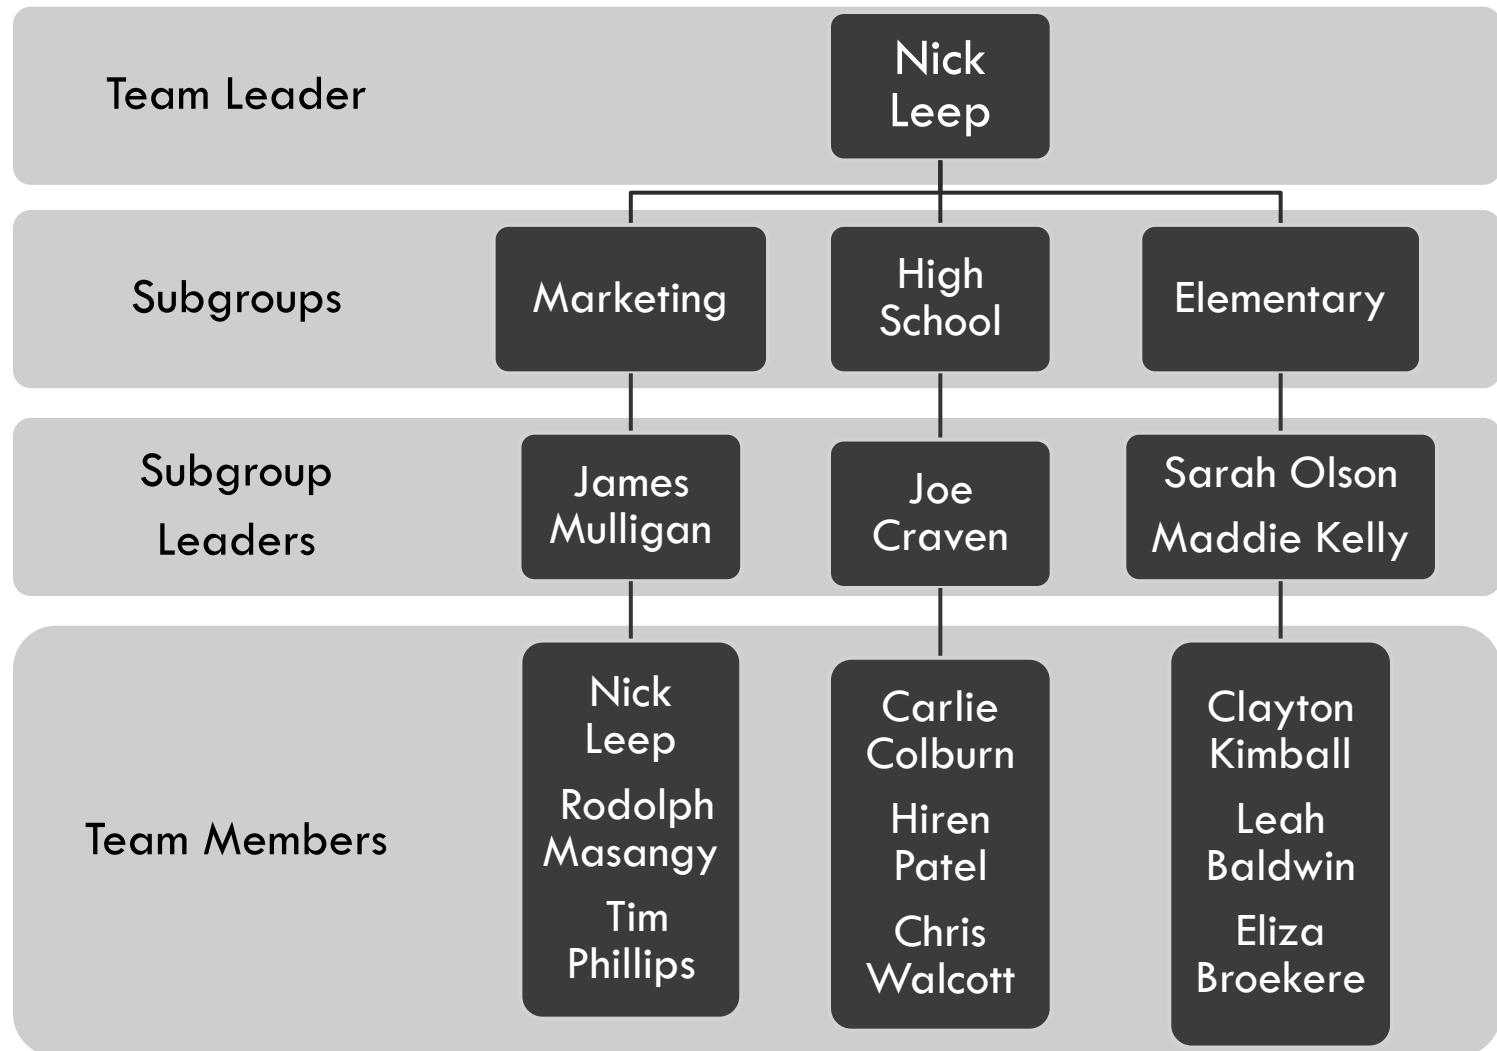

How Many Earths?

# Team Purpose

- Students lack knowledge on sustainability and energy issues.
- Our mission is to educate students on the issues of sustainability and energy needs, concerns, and sources.
  - ▣ Expand on work that has been done in previous semesters
  - ▣ Extend the material for a larger age range, K-12

# Team Breakdown

# Goals

## □ **Marketing Group**

- Organizing Community Activities
- Updating the Website to include the Classroom Modules and Teaching Kits

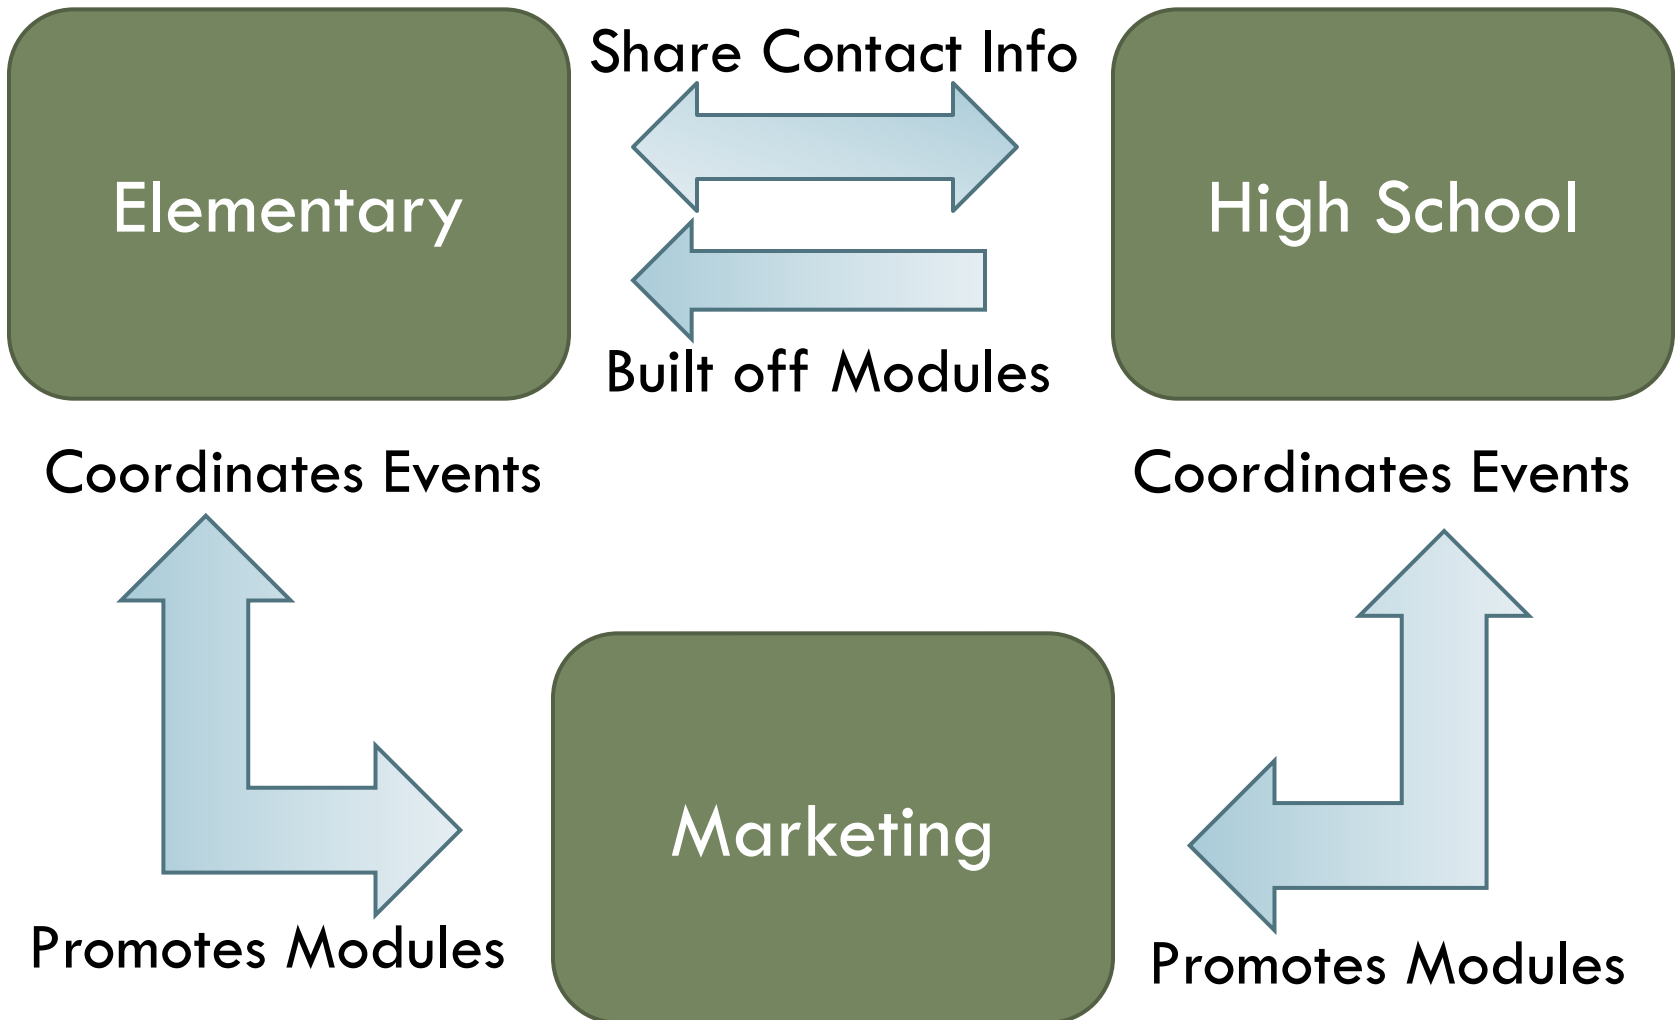

## □ **High School Group**

- Retesting Cradle to Cradle Modules
- Developing a Policy Module and testing it in a classroom

## □ **Elementary Group**

- Establishing a Module for K-6 Classrooms
- Testing them in Classrooms
