

Experience Life in the City

Reese Village is a new continuing care retirement community located just south of downtown Chicago.

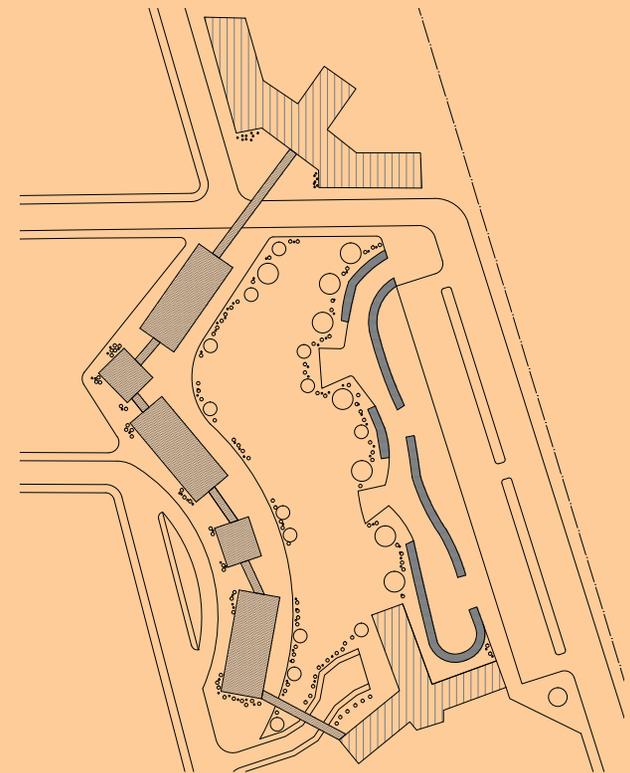

Our facility is steps from the lake in a beautiful park setting on the former site of Michael Reese Hospital.

Featuring both new and restored historic buildings, we have designed a community to meet all of your needs while offering convenient access to all that downtown Chicago has to offer. A combination of residences, shopping, restaurants, and business makes our community feel like a small city by itself.
