

ENTRANCE OF FACILITY

MI-JACK CRANE UNLOADING TRAIN

PROPOSED ALTERNATIVE FUELS STATION

CONCLUSIONS

THE PROCESS OF ORGANIZING AN INTERMODAL FACILITY IS DELICATE IN ORDER TO ACHIEVE MAXIMUM EFFICIENCY IN A SYSTEM THAT IS SENSITIVE TOWARDS EVERY MOVEMENT BEING PLANNED AND PROFITABLE. IF WE CONTINUE TO CONSUME OIL IN THE SAME WAY WE HAVE IN THE PAST, THE PROJECTED DATE WHEN WE WILL RUN OUT OF OIL IS 2036. IT IS THEREFORE ESSENTIAL TO BEGIN THE IMPLEMENTATION OF ALTERNATIVE FUELS SUCH AS THE ONES RESEARCHED IN OUR CHART. IN ORDER TO PROMOTE THE USE OF ALTERNATIVE FUELS, IT IS IMPORTANT TO INCLUDE THE PLAN FOR STATIONS THAT WOULD ACCOMODATE SUCH FUELS.

SPECIAL THANKS TO:

EVERYONE WORKING ON THIS PROJECT...

...WE'RE ALL IN IT TOGETHER
