

RAMOVATION

Inspiring Bridgeport

Problem

- **The Ramova has been vacant for 25 years**
- **Lost opportunity**

Mission

- **Feasibility study**
- **Project the impact on the community**

Goals

- Reliable cost estimation
- Refined Program and site studies
- Halsted corridor
- Green technology
- 3D physical model

Progress Toward Goals

- Case studies
- Compared census/survey demographics
- Defined the Halsted Corridor
- Found an estimator
- Contacted theater owners
- Investigated Halsted area
- Examined the preliminary program
- Began clean energy research

Major Obstacles Encountered

- Very limited access to building
- Trouble accessing original documentation
- Time frame of summer semester
- The need to consider wants/needs of the community
- Historical aspect of the theater

Anticipated Major Challenge

- Structural integrity
- Lack of access
