Armour Mission, ca. 1950, photographer unknown • University Archives and Special Collections, Illinois Institute of Technology

An architectural rendering of a modern, multi-story building with a prominent glass facade, illuminated from within. The building is set against a dramatic, purple and blue twilight sky. In the foreground, a large, well-maintained lawn is populated with several small figures of people walking and standing. To the left, a paved walkway leads towards the building, flanked by trees. To the right, another building with a brick and glass facade is partially visible. The overall scene conveys a sense of a vibrant, modern campus environment.
