

International Bridge Building Contest Policies

International Bridge Building Contest Policies

The Contest is governed by policies which have been established by the International Bridge Building Contest Committee over the course of the past 20 years. This page lists these policies and may change as new items are added.

1. In order to become registered for the International Contest students must have placed first or second in an [official Regional Contest](#). It is easy to [establish a new Region](#).
2. A winner of the International Contest is ineligible to participate in future International Contests as an official entrant. Past winners who are still in High School will be invited to participate as unofficial entrants.

Last update: December 23, 2009
